 Feeder High School Enrollment and Performance Report
 Bella Vista High School

This report reflects the enrollment and performance of Bella Vista High School (BVHS) graduates at FLC.

In the following table, row **A** shows, for each of four years of BVHS graduates, the number that enrolled at FLC the subsequent fall semester. Row **B** expresses this number as a percent of each year's overall FLC headcount. Row **C** reflects the number of BVHS students concurrently enrolled (Advanced Ed) each fall. Row **D** shows the number of FLC students whose records identify BVHS as the high school of last attendance, irrespective of when they graduated.

 Golden Sierra High School

This report reflects the enrollment and performance of Golden Sierra High School (GSHS) graduates at FLC.

In the following table, row **A** shows, for each of four years of GSHS graduates, the number that enrolled at FLC the subsequent fall semester. Row **B** expresses this number as a percent of each year's overall FLC headcount. Row **C** reflects the number of GSHS students concurrently enrolled (Advanced Ed) each fall. Row **D** shows the number of FLC students whose records identify GSHS as the high school of last attendance, irrespective of when they graduated.

 Ponderosa High School

This report reflects the enrollment and performance of Ponderosa High School (PHS) graduates at FLC.

In the following table, row **A** shows, for each of four years of PHS graduates, the number that enrolled at FLC the subsequent fall semester. Row **B** expresses this number as a percent of each year's overall FLC headcount. Row **C** reflects the number of PHS students concurrently enrolled (Advanced Ed) each fall. Row **D** shows the number of FLC students whose records identify PHS as the high school of last attendance, irrespective of when they graduated.
