

Folsom Lake College

Transfers to 4 Yr Institutions From Individual FLC A.S. Degree Programs

This report makes use of the tracking data collected by the National Student Loan Clearinghouse (NSLC) and made available to LRCCD via the State Chancellor's Office. It reflects the number of students graduating to 4 year institutions from individual FLC degree programs. The "% transferred" statistic is computed based on the number of students graduating from any given degree program in any given academic year. An important caveat to bear in mind when using this information is that each year's graduates are tracked up until the date the source report was generated (in this case, on 9/4/13). This means that the transfer counts shown here are based on different tracking periods (e.g., 2009-10 grads are tracked through 9/4/13, 2010-11 grads are tracked through 9/4/13, etc.). The longer the tracking period, the more likely that graduates will, 1) actually transfer, and 2) have attended multiple 4-year institutions (see list appearing after the following chart for institutions to which FLC graduates transferred - totals may be greater than the actual transfer counts shown immediately below).

Degree Program From Which FLC Student Graduated		Graduates From FLC A.S. Degree Programs Transferring to 4 Yr Institutions														
		2009-10 Graduates (as of 9/4/13)			2010-11 Graduates (as of 9/4/13)			2011-12 Graduates (as of 6/13/14)			2012-13 Graduates (as of 6/13/14)			2013-14 Graduates		
		# Graduated	# Xferred	% Xferred	# Graduated	# Xferred	% Xferred	# Graduated	# Xferred	% Xferred	# Graduated	# Xferred	% Xferred	# Graduated	# Xferred	% Xferred
