College Name: Folsom Lake

2012-13

District Name: Los Rios

Date: 04/04/13

Contact Name: Juline Aguilar

Contact Phone Number: (530) 642-5659

Type of Equipment/Furniture to be purchased in whole or in part with FKCE funds:
(note – list different equipment/furniture on separate form) HP Probook 6570B laptops

Number of units of Equipment/Furniture to be purchased: 2

Total Cost of Equipment/Furniture to be purchased: \$2,044.25 (includes: cases, warranties, recycling fees and taxes.)

Competitive Purchase:

Use Drop-Down List
Dept.

Other Method used: Pricing provided by college IT

Justification - Reasons for the Equipment/Furniture purchase:

We have not purchased computers for our program in over eight years. The two that we currently own are experiencing problems. We use them for data management and curriculum development as well as workshops.

Documentation of efforts to have college provide the Equipment/Furniture. (Why the attempt to have the college buy the equipment was unsuccessful):

The college has already provided office space and the use of a desktop computer for the Instructional Specialist. A laptop is necessary for the data enrollment specialist as she lives an hour from the college. The Instructional Specialist needs a laptop for PPT presentations.

Statement that the Equipment/Furniture will be dedicated to the FKCE Program:

The laptops will be used solely for the FKCE Program.

Statement that the purchase is being made using the campus/district procurement process and has been approved by the business office:

The campus IT person has provided me with the pricing and will be completing the Requisition Form for Business Services.

If the equipment is a computer, a statement is required affirming that the equipment is compatible with the FKCE database:

The IT specialist, Jeff Lewis has confirmed for me that the laptops are compatible with the requirements I provided him for the FKCE database.

.....
Questions regarding the completion of this form should be directed to your program liaison.
