14. **TERMINATION:** LRCCD may terminate this agreement and be relieved of the payment of any consideration to CONTRACTOR should CONTRACTOR fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination LRCCD may proceed with the work in any manner deemed proper by LRCCD. The cost to LRCCD shall be deducted from any sum due the CONTRACTOR under this agreement and the balance if any, shall be paid the CONTRACTOR upon demand.

 Model - 28 Raku/IGN Syst/Propane or Natural Gas

 Model comes with frame welded to firing chamber, three peephole plugs, brick for covering porthole on top during reduction, instruction manual, and warranty card. The ignition system with thermocouple safety shut-off is an option and the kiln may be purchased as a Base kiln. One-year warranty.

Note: The prices shown for the Torchbearer and Raku kilns here include the **Ignition Ring with Thermocouple Safety Shut-off** which adds a high degree of safety. We can supply these kilns without the Ignition ring but we feel that for safety's sake these should always be installed.

  - Maintain the flame on each burner
