14. **TERMINATION:** LRCCD may terminate this agreement and be relieved of the payment of any consideration to CONTRACTOR should CONTRACTOR fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination LRCCD may proceed with the work in any manner deemed proper by LRCCD. The cost to LRCCD shall be deducted from any sum due the CONTRACTOR under this agreement and the balance if any, shall be paid the CONTRACTOR upon demand.

225i Key Features

Advanced Jam Prevention

Paper jams are the #1 frustration among shredder users. That's why Fellowes® shredders are engineered to take on every job, no matter how tough. The Fellowes® 225i delivers three levels of advanced jam prevention with the patented 100% Jam Proof System. Level One prevents overfeeding by measuring paper thickness via a sensor in the paper entry. Level Two powers through tough jobs caused by wrinkles or folds that may occur as paper is shredding or will auto reverse cleanly. Level Three maximizes productivity by providing instant feedback as to whether or not you are within the recommended sheet capacity (watch the light bar as you feed stacks of paper into the machine).
