Brenda (and Levi)

*VWR / Wards*

Wards had need to replace the stereomicroscope we selected with a different model because they no longer the specific model we ordered.

I have worked with Wards reps and we have found one that meets our needs for GEO.

As you can see below – they have matched the price of the new scope with the amount on the PO 0001085235 Vendor VWR Scientific

Please let me know if I need to put in a change order for this different model.

Thank you.

All set... thank you. We matched the amount of the PO so all you will need to do is change the item number on the purchase order. Please do not let anyone resend the order in any way/ nor any purchase order changes - there would be a danger of duplication. Your confirmation order number is 8018488016. The scope will take a little time to get there, but it should be there

Thank you so much and here's to hoping you get a new lab/workroom in the not too distant future!

Hello –

The 242602, as long as it is corded – will be comparable to our current scopes.

Sadly until we get a new lab or workroom – electrical outlets are in very short supply.

Please let me know if I need to do any additional paperwork to get this processed.

Thank you.

14. **TERMINATION:** LRCCD may terminate this agreement and be relieved of the payment of any consideration to CONTRACTOR should CONTRACTOR fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination LRCCD may proceed with the work in any manner deemed proper by LRCCD.
