Sole Source Purchase Justification

Date: January 29, 2016

To: Zachary Dowell, FLC

From: LRCCD Purchasing

Subject: Justification Requirements for Sole-Source Procurements

Requisition No. 808369/PO 0001085237 **Vendor Name:** US BANK for CookingHacks.com

SOLE-SOURCE ITEMS

Sole-source items are those items which perform a certain function for which no other items are known to exist. In a highly technological society, either patents or a clearly superior product may perform a function that limits you to a sole source. If it is economically advantageous and critical for its use in conjunction with instruction or operation to use such a product, then it is suggested that you do so. Justification for specifying such items is extremely important and should be clearly stipulated. Sole-source situations can be minimized by your using performance specifications and request for quotes (RFQ's).

Competitive bidding is not a thoroughly suitable purchase method for sole-source items. It is best to advertise for bids on an "approved equal" basis; if no bids are offered, proceed to negotiate a fair and reasonable price with the sole source. When only one bid is received, you may have a sole-source situation if you believe that no other competitive sources are available.

Sole-source acquisitions must be justified in sufficient detail to explain the basis for suspending the usual competitive procurement process.

The following represents factors that might justify sole source:

1. What capability does the proposed vendor have that is critical to the specific effort and make the vendor clearly unique compared to other vendors in the same general field?
2. What prior experience of a highly specialized nature does the proposed vendor have that is vital to the proposed effort?
3. What facilities, staffing, and/or equipment does the proposed vendor have that are specialized and vital to the commodities or services required?
4. Does the proposed vendor have a substantial investment that would have to be duplicated at the District's expense by another vendor entering the field?
5. If schedules are involved, why are they critical and why can the proposed vendor best meet them?

The enclosed form should be completed and submitted with your Requisition for justification.

CC: Renee Russo
Date: 1/29/2016
Re: Sole Source Justification, Aquaponics Project (Req. 808369)

3. The parts/equipment is not interchangeable with similar parts of another manufacturer.

The project requires an open source, Arduino/Raspberry Pi/Galileo compatible, Wifi and HTTP accessible, aquaponics platform with an established code base and extensive implementation documentation. The Open Aquarium Aquaponics system from Cooking Hacks meets all of the project requirements. Based on extensive research, there are no other integrated aquaponics hardware and control systems that meet the project specifications.

4. This is the only known item or service that will meet the specialized needs of this department or perform the intended function.

In order to meet the specific implementation goals of the project, it is necessary to use an integrated aquaponics hardware platform. Based on extensive research, the only such platform that exists is the Open Aquarium Aquaponics from Cooking Hacks.

The connection to this website is secure.

Payment Methods:

- Paypal
- Credit card [VISA - MasterCard]
- Wire transfer

All the orders are prepared after the payment reception.

Please Note: Wire transfer payments may take 1-5 business days to clear depending on your location. We will ship your order until your payment is verified by our bank. A record of the transaction from your bank is not sufficient to release an order.

When you choose Paypal Express Checkout we ask Paypal to send us your billing address. If you don't want PayPal to send it to us, contact us and we will ask PayPal to stop sharing this information with us.

Sales Tax

[Go to inc](#)

Tax is calculated based on the shipping address. For more information, please check the following table:

Countries	Tax
Spain (including Balears Islands)	21%
Canary Islands, Ceuta and Melilla	0%
EU Member States (Consumer)	21%
EU Member States (Business Customers with valid VAT nr.)	0%

Rest of the world

0%

Shipping Policy

[Go to inc](#)

We try to find the best and cost effective shipment way for you. Due to this and the fact that we serve orders worldwide, you have different shipping ways depending on your location. All products are enclosed in a good package in order to avoid hits and we take care with electronic components, putting them into anti-static bags offering a good service to our customers.

Countries	Service
Spain (peninsule)	Zeleris – 24h
Canarias, Ceuta, Melilla	Zeleris – 48-72h or Postal Service
Baleares	ZELERIS or Postal Service
Rest of the world	TNT-DHL-UPS (best price vs. weight) 24-72h or Postal Service

If you need to receive an order within a lower period of time than above mentioned, please, contact us for arr an extraordinary shipping way.

Postal service may take 3~4 weeks.

Actual shipping costs are calculated during checkout. For an estimate before checkout, please add the items : intend to order to your cart, then click "calculate shipping" from the Shopping Cart page. This will provide a list estimates for the shipping methods available to your selected destination.

Please Note: the shipping costs does not include the duties and taxes in the destination country expenses si they vary with a number of parameters. In case of exports, the order will be shipped with a final invoice for cu so it will contain the same amount that was paid, not less. If the customer refuses to pay these extra charges return shipping and any additional fees will be taken out of the cost of the order, with any remaining funds beir refunded to the customer.

We usually prepare orders from 9am – 11am, we can not make guarantee of same-day shipping for orders ple after 11am.

[\(/media/cooking/images/customer_service/caja_blog_cooking_colour1_big.png\)](#)

In order to improve the quality of the products to our customers, we have been looking for a strong and reliable to keep our products safer. After trying several models we decided to design our own one, stronger and with a feel to touch that corresponds to the quality of the products. In the external sides, you will see our logo and the colour that identifies our site. The box comes with an Authenticity Hologram to ensure a product has the Quality Libelium (<http://www.libelium.com>) Official Designs. Inside, you will find some foams to prevent our products from external agents (dust).

[\(/media/cooking/images/customer_service/holograma_montaje_big.png\)](#) This hologram will be our **Quality Certification** to ensure that the product you are buying has been tested and manufactured under the **quality of Libelium** Products. For us, it is very important to offer the best quality in our products and we want to show it, not only related to the products but in the development of them. A quality given from a team of engineers in Libelium who design the PCB, schematics and documentation of each product released by us.

Free Shipping

[Go to inc](#)

This method will be available only in Spain for order with Subtotal above 150€.

Warranty

[Go to inc](#)

We do our best for providing high quality products. If you have any problem with the items shipped, [contact us](#) (<http://www.libelium.com/support/technicalservice>) for an RMA number. Our technical service will contact you to determine whether the merchandise must be replaced or repaired.

Important: Before requesting for the RMA, read first the document: [Terms & Conditions \(http://www.libelium.com/downloads/Libelium-Terms-of-Sale-and-Use.pdf\)](http://www.libelium.com/downloads/Libelium-Terms-of-Sale-and-Use.pdf).

Product Status

[Go to inc](#)

You will find our products with the following status:

- **In Stock.** The product is available in our warehouse. You can place the order and you will receive it according to the shipping method.
- **On Demand.** On Demand products are items that we bring to our customers through an order. We have more than 4000 On Demand products to complete any order in our shop!!. So place a normal order and we will go for them to our suppliers, and we will ship them to you in only one shipment to save costs. The terms are **to 3 weeks**. When the order is complete, we will ship it.
- **Back Order.** Currently, there is no stock, but we will receive it soon. You can buy it and we will ship the product as soon as it comes back available (normally from 1 to 3 weeks). Orders that include an On Demand or Back Order item will be shipped when they are available again in one shipment. This means the order will take **to 3 weeks** to be shipped **once the order is placed**. You will be notified when adding a backorder product to the cart. If you want to receive first the items in-stock, please, place two different orders separating the in-stock and On Demand or Back Order items.
- **Retired.** This product is only available for search (tutorials, schematics...). They can not be purchased.

Order Status Information

[Go to inc](#)

When you place your order, it will enter through a series of steps during fulfillment:

1. **Pending:** this indicates we've received your order, but we are waiting for the payment.
2. **Order received correctly:** we are preparing your order and you will be notified when your package is shipped. If you have bought On Demand or Back Order products, this status will be kept until receiving the goods and being ready to be shipped.
3. **Canceled:** your order has been canceled. If you have any questions, please email us at: [orders \[@\] cooking-hacks.com](mailto:orders@cooking-hacks.com), and we'll explain the state of your order.

Cancelling An Order

[Go to inc](#)

Please Note: It may not be possible to cancel your order once it is submitted.

If you need to cancel an order, and that order is still in the Pending status, please call us immediately at: +34976547492. We are open Monday through Friday, 9am to 3pm, CET.

If we are closed when you call, you can send an email, but due to normal variations in shipping speed, your order may have moved out of Pending by the time we get the message. If that is the case, it will not be possible to cancel your order, despite your timely notification of cancellation.

To avoid any trouble, please make sure you want everything in your cart before clicking 'Submit'.

Holidays

[Go to inc](#)

Cooking Hacks will be closed the following days in 2015. No orders will ship these days, but you can still order through the website as usual:

- December 25, 2015 – Christmas
- January 1, 2016 – New Year's Day
- January 6, 2016 – Reyes
- January 29, 2016 – San Valero
- March 24, 2016 – Maundy Thursday
- March 25, 2016 – Good Friday
- May 2, 2016 – in observance of Labor Day
- August 15, 2016 – Virgen del Carmen
- October 12, 2016 – Hispanidad Day
- October 31, 2016 – Local Holiday
- November 1, 2016 – All Saints' Day
- December 6, 2016 – Constitution Day
- December 7, 2016 – Local Holiday
- December 8, 2016 – Inmaculada Concepción Day
- December 26, 2016 – in observance of Christmas

Cooking Hacks makes electronics affordable, easy to learn and fun.

The e-commerce for worldwide community of developers, designers, inventors and makers who love creating electronics with sensors, robotics, Arduino and Raspberry Pi.

Russo, Renee

From: Dowell, Zachary
Sent: Wednesday, December 16, 2015 12:13 PM
To: Russo, Renee
Cc: Senecal, Molly
Subject: RE: Aquaponics

Renee,

Here is a spreadsheet with the items, including tax, the EUR to USD conversion, and the 2.5% conversion fee:
<https://docs.google.com/spreadsheets/d/1RZ8bLyACNowaUaXbMGgkmDTKYKIE9ibKwDHrrvPIh04/edit?usp=sharing>

The total without shipping, which should be minimal since the items are very small, is \$638.35, which is well within the \$3000 project budget.

There is no other product like the system referenced above, which among other things has to be integrated, open source, Arduino/Raspberry Pi/Galileo compatible, Wifi and HTTP accessible, and with an established code base for easy implementation. The company is a worldwide supplier of advanced sensor networking equipment.

Let me know if there's anything else I need to do. If it's easier, I am happy to LPO the items, or at least those that fit within the \$200 per item limit.

Thanks,
Zack

Subject: Aquaponics

Hi Zack,

I emailed Joany regarding your order for the aquaponics project. You are correct in the fact that Joany does have a college credit card, however, we still have homework to do before we can get the ball rolling. Or the fish swimming. ☺

The business office and District have strict guidelines and criteria for ordering both online as well as utilizing a sole source vendor, particularly one out of state. There has to be absolutely no other vendor in this country that makes or sells the components you need for your project. Additionally, we still must factor in taxes and add an additional 2.5% exchange fee. Joany is checking to make sure there would be no other costs for out of country purchase. We also must consider return policy for damaged or non-working items. If there is a problem and the item needs to be returned that endeavor could be time consuming and costly.

No doubt if you cannot purchase the attached items within the US you would need to submit a "Sole Source Justification" for this purchase.

I have printed off and scanned all the items you sent me. Please give me a listing for each item you wish to order, please include the quantity and the dollar value so I can add on the taxes and fees.

There are more items you needs to purchase, correct? Tanks, fish? I'm inquiring because we want to make sure there will be enough \$\$\$\$.

That is all for now. Please call me if you have any questions.

Ciao.

Renee Russo

Thanks for your review thus far.

Suzy – please do not search for any comparable vendors/products – without working/consulting directly with requesting Professor Zack Dowell (FLC Innovation Center), as products needed must be able to integrate with Areas required applications. See his email pages 2-3 of attached pdf.

Thank you,

Brenda Haney

FYI, one of the other colleges did a foreign vendor credit card purchase a few years ago. We never received the product. The time to do the charge back had passed. The college had to eat the cost on this one. Luckily, the amount was minimal.

Importance: High

Hi Suzy –

Joany asked me to run this requisition by Purchasing and Accounting, to see if we can even do it, before we take it any further. Can you run this by Paula Gordon and Barbara Wong and

let me know how District stands.

Vendor: Cooking-Hacks.com – is an Online only International Vendor Source – run by Libelium Comunicaciones Distribuidas out of Zaragoza, Spain.

Issues Are: All orders must be placed online only with Credit Card, PayPal or Wire Transfer pre-payment. Online Pricing & Checkout use EUR currency with 2.5% Currency Conversion Fee. This link will give you more information regarding Orders/Payment <https://www.cooking-hacks.com/customer-service#payment>

- o REQ Line# 1 – is 6490 Equipment – normally we do not use of credit cards or prepays on 6490 items.
- o REQ Lines 2-8 – are 4300 supply items.
- o REQ Lines 10 & 11 – are for Currency Conversion Fee and Shipping (TBD at point of checkout).

Requesting Area states that they can only purchase these items from this International Source, (see email pages 2-3 of attached pdf).

Note: SSPJ docs will be obtained when/if DO confirms that this requisition can be submitted for PO.

Let me know if you need any further information for this inquiry / review.

Thank you,

Brenda Haney
