**Funded by the California Department of Social Services
Presented by the Foster and Kinship Care Education program
of Folsom Lake College, contact Juline for more information (530) 642-5659**

Did you know that foster care is a pipeline for the Commercial Sexual Exploitation of Children?

Human trafficking is a \$32 billion dollar global industry, involving over 100,000 children in the United States. After drug trafficking and counterfeiting, it is the world's most profitable criminal activity. It is estimated that an exploiter may earn as much as \$650,000 in a year by exploiting as few as four children.

This new training is specifically designed for foster parents, relative caregivers, and group home staff as a first step in combatting the Commercial Sexual Exploitation of Children in California. We are working to raise awareness of the crisis at hand and increasing your ability to identify commercially sexually exploited children.

You will leave with:

- **Awareness** about what is happening in our state to our children and where this is happening;
- **Understanding** about why are our children in foster care so vulnerable and how they can be influenced by a trafficker;
- **Identification of the warning signs**; the ability to spot red flags that indicate a child is being sexually exploited.

Deena Graves, founder and former Executive Director of *Traffick911*, a non-profit organization with the mission to end human trafficking in America is our trainer. Her mission is to work toward an end to human trafficking with a three-pronged parallel strategy focusing on prevention, rescue and restoration. During Deena's leadership of *Traffick911*, the foundation identified approximately 140 victims of domestic minor sex trafficking, leading to numerous arrests, pleas and convictions and opened one of a handful of safe houses for these children in the U.S. Graves, who speaks across the nation on domestic minor sex trafficking, will share her wealth of knowledge and case studies of the children she has helped rescue and restore. She is an award-winning communicator dedicated to social justice and human rights issues for American children.

NO FEE TO ATTEND - WORKSHOPS ARE OPEN TO THE PUBLIC.
