Re: 2017 Price Increase Notification

To Whom It May Concern:

We would like to inform you that effective January 1, 2017 your prices for labor, transportation, disposal, mobilization and supplies will be adjusted to reflect a nominal increase. This letter serves as notification that a 3% increase will be assessed on the services mentioned. Based on your 2016 YTD spend the increase will equate to only \$50 in 2017.

We are committed to operate all aspects of our business in the most conservative and prudent manner. Our mission is to provide you with the highest quality environmental services in a safe, compliant and cost effective manner.

Although we have driven cost from our organization and continue to become more efficient in our waste management operations, we need to address increased costs in healthcare, raw materials, and other areas beyond our control which include the following:

- Safety upgrades to facilities and equipment
- Regulatory & Environmental compliance
- Fuel and Energy costs for transportation and facility operations
- Employee benefits

The price adjustment is necessary to ensure that we provide the same high level of service that you have come to expect from Veolia while maintaining a financially sound company that can protect the environment and our clients from liabilities associated with the hazardous waste service industry.

We appreciate your business, and look forward to continuing to provide you with the highest level of environmental services in the chemical waste management industry.

Sincerely,

Veolia North America
