# LOS RIOS COMMUNITY COLLEGE DISTRICT INDEPENDENT CONTRACTOR vs. EMPLOYEE CHECKLIST

This questionnaire is to be used to determine if an individual is an independent contractor or employee. The individual should be consulted where necessary to answer all questions. If you believe that the individual qualifies as an independent contractor, submit a requisition, service agreement, checklist, and any explanatory attachments. The contract will not be valid until a Purchase Order is issued, and no agreements should be made nor should work commence before that time. Due consideration should be given to all questions, since the penalty to the originating department for misclassification is approximately 50% of the contract amount. For more information see the District Purchasing Guide. If you have any questions or require assistance, please contact the Director, Accounting Services at the District Office.

### LOS RIOS COMMUNITY COLLEGE DISTRICT Service Agreement Certification Form

Requisition №	814624
Description of S	ervices
SPECIA	L EXPERT
1,6	3600D

As of January 1, 2003, Education Code Section 88003.1 restricts the District's ability to contract for services. Before a requisition can be processed, the following certificate must be completed indicating that the required service meets the Ed Code criteria.

Section I The requisition will not go forward for processing unless you answer yes to at least <code>gne</code> of the questions below:  Is this a continuing Service Agreement that was in place before January 1, 2003?  The Legislature has specifically mandated or authorized the service to be contracted out.  The necessary services are either unavailable within the District workforce, cannot be satisfactorily performed by employees, or are very highly specialized.  The necessary services are incidental to a contract for the purchase of real or personal property, for example a service contract for office equipment.  Contracting out is necessary to avoid a conflict of interest or other legal problem, or where an outside perspective is needed.  The service is needed to respond to an emergency. The contract shall be no longer than sixty days.  The contractor will provide equipment, materials, facilities or support services that could not feasibly be provided by District staff.  The services are so urgent, temporary or occasional that the delay in the District's hiring process would frustrate the purpose.  Section II  If the services do not fall within one of the above exceptions, the requisition will not go forward unless you answer yes to all of the following questions:  There clearly will be actual overall cost savings.  The District must consider the salaries and benefits of additional staff and the cost of additional space, equipment and materials.  The District shall not include the District's indirect overhead costs, unless those costs would be exclusively caused by the work.  The ontract does not cause the displacement of District employees.
