### PURCHASE ORDER TERMS AND CONDITIONS

1. **APPLICABLE LAW:** The contract resulting from this order shall be governed by the laws of the State of California
2. **COMPLETION OF ORDERS:** LRCCD reserves the right to withhold payment until order is completed.
3. **DISCOUNTS:** Please show cash payment discount offered on your invoice in connection with any discount offered, time will be computed from date of delivery of the supplies or equipment, or from date correct invoices are received in the office specified by LRCCD if the latter date is later than the date of delivery. Payment is deemed to be made for the purpose of earning discount, on the date payment is mailed or on behalf of LRCCD.
4. **INVOICES:** Invoices shall be prepared and submitted in duplicate unless otherwise specified. Invoices shall contain Purchase order number, date, description of items, sizes and quantities, unit prices, extended totals, place and date of delivery. Invoices or vouchers not on printed bill heads shall be signed by the CONTRACTOR or person furnishing the supplies or services. Every invoice shall be properly itemized. If LRCCD has not received billing for product or services within a one year period LRCCD will not be held responsible for satisfying the debt.
5. **CHANGES:** No change or modification in terms, quantities, or specifications may be made without express authorization in writing from the LRCCD Purchasing Office and signed by the parties hereto, and no oral understanding or agreement not incorporated herein shall be binding on any of the parties hereto. If unit cost of any item exceeds the amount shown by 10% or \$250.00 whichever is less do not ship. Contact LRCCD Purchasing at the phone number provided.
6. **BILL OF LADING:** If Bill of Lading is applicable to this order, send originals to "Ship to" address and duplicate Bill of Lading with invoices to "Bill to" address. All correspondence, invoices, bills of lading, shipping memos, packages, etc., must show purchase order number. If factory shipment, advise factory to comply.
7. **TRANSPORTATION CHARGES:** Invoices for prepaid transportation charges must be supported by original receipted expense bills.
8. **FOB POINT AND FREIGHT CHARGES:** Unless otherwise specified on this order, all items shall be delivered FOB Destination. No charge for delivery, drayage, express, parcel post, packing, cartage, insurance, license fees, permits, or for any other purpose will be paid by LRCCD unless expressly included and itemized in the order. Unless otherwise shown, on "FOB Shipping Point" transactions, CONTRACTOR shall arrange for lowest cost transportation, prepay and add freight to invoice and furnish supporting freight bills if the amount exceeds \$50.00. On "FOB Shipping Point" transactions, should any shipments under this purchase order be received by LRCCD in a damaged condition and any related freight loss and damage claims filed against the carrier or carriers be wholly or partially declined with the inference that damage was the result of the act of the shipper such as inadequate packaging or loading or some inherent defect in the equipment and/or material, CONTRACTOR on request of LRCCD shall at CONTRACTOR's own expense assist LRCCD in establishing carrier liability by supplying evidence that the equipment and/or materials was properly constructed, manufactured, packaged, and secured to withstand normal transportation conditions. Shipments that are California intrastate in nature and where freight is to be borne by LRCCD shall be tendered to carriers with written instructions that rate and charges may not exceed the lowest lawful rates on file with the California Public Utilities Commission.
9. **PATENT INDEMNITY:** The CONTRACTOR shall hold LRCCD, its officers, agents and employees harmless from alleged liability of any nature or kind, including costs and attorney fees and expenses, for infringement or use of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in connection with the contract or purchase order.
10. **TAXES:** Certain articles sold to LRCCD are exempt from certain Federal excise taxes. LRCCD will reimburse the CONTRACTOR for, or pay directly, all California State and local sales and use taxes applicable to this purchase.
11. **EQUAL OPPORTUNITY EMPLOYER:** The acceptance of this purchase order by a supplier of goods and services is a certification that such supplier complies with all provisions of executive order 11246 and is an equal opportunity employer.
12. **GENERAL SAFETY ORDERS:** All materials, supplies and services sold to LRCCD shall conform to the general safety orders of the State of California. All materials, except as otherwise specified, must be new and of the best quality of their respective kinds.
13. **INDEMNIFICATION:** CONTRACTOR shall indemnify, defend and hold harmless LRCCD, its trustees, officers, agents, employees and volunteers, from any and all claims, demands, suits, causes of action, damages, penalties, breaches of this agreement, infringement of patent rights, costs, expenses, violations of employee occupational health and safety laws, attorney fees, losses or liability, property damage, personal injuries to or death of persons, arising out of, alleged to have arisen out of, or relating in any way to CONTRACTOR's work to be performed under this agreement, except if caused solely by the negligence of LRCCD.
14. **TERMINATION:** LRCCD may terminate this agreement and be relieved of the payment of any consideration to CONTRACTOR should CONTRACTOR fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination LRCCD may proceed with the work in any manner deemed proper by LRCCD. The cost to LRCCD shall be deducted from any sum due the CONTRACTOR under this agreement and the balance if any, shall be paid the CONTRACTOR upon demand.
15. **ASSIGNMENT:** Without the written consent of LRCCD, this agreement is not assignable by CONTRACTOR either in whole or in part.
16. **PUBLIC WORKS PROJECTS:** CONTRACTOR must comply with Public Contract Code.
17. **CA LABOR CODE:** Pursuant to Section 1700, and following, the CONTRACTOR shall pay not less than the prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations. Copies of such prevailing rate of per diem wages are on file at the Business Office of the Los Rios Community College District, 1919 Spanos Court, Sacramento, CA 95825. Those copies shall be made available to any interested party upon request. The CONTRACTOR shall forfeit, as penalty to the LRCCD, Fifty Dollars (\$50.00) for each calendar day or portion thereof, for each workman paid less than the stipulated prevailing rates for any work done under the contract by him/her or by any subcontractor under him, in violation of the provisions of such Labor Code.
18. **NOTICE:** Your employees may be exposed to hazardous substances during the course of their work while on LRCCD property. For additional information on the hazardous substances that your employees may be exposed to contact the LRCCD General Services Department at (916) 568-3048.
19. **INSURANCE:** CONTRACTOR shall, at all times, maintain in full force and effect the following insurance: Workers' Compensation, Commercial General Liability, Auto Liability, and Professional Liability if licensed professional. Policy limits for each shall be at least \$1,000,000 AND \$3,000,000 AGGREGATE for bodily injury, personal injury and property damage. Any combination of General Liability and Excess Coverage can be combined to meet the Aggregate. LRCCD shall be named as an additional insured on CONTRACTOR's policies. The CONTRACTOR shall provide a certificate of insurance and required endorsements to comply with this section at least 15 days prior to commencement of work under this contract. The certificate shall state that LRCCD will be given 30 days notice of any material change or cancellation in coverage.
20. **DISQUALIFIED EMPLOYEES:** CONTRACTOR shall ensure that persons who perform services on LRCCD property have not been convicted of any felony, or any controlled substance offense or any sex offense as those terms are defined by Education Code section 87008-87010. If LRCCD determines that any person employed by CONTRACTOR to work on LRCCD property is incompetent, unfaithful, intemperate, disorderly, abusive or is otherwise unsatisfactory, CONTRACTOR shall cause that employee to be removed from working on LRCCD property immediately, and that person shall not be employed again on LRCCD property.
21. **WORK AUTHORIZATION:** Prior to LRCCD's acceptance of this Agreement, CONTRACTORS who are not U.S. citizens must provide verification of (a) work authorization status from the appropriate U.S. Department of State; (b) a copy of their U.S. visa; (c) the number of days present in the U.S.; and (d) tax treaty status. LRCCD shall not make any payments to CONTRACTOR unless CONTRACTOR holds the appropriate U.S. visa. CONTRACTOR is responsible for ensuring they are in possession of the appropriate visa.
22. **WARRANTY:** CONTRACTOR expressly warrants that all materials, goods, equipment, services, and/or labor shall conform to the requirements set forth or incorporated into this order and any applicable industry standards or requirements, shall be merchantable and free from defects in workmanship, materials and/or design (including latent defects), and shall perform as specified. CONTRACTOR further warrants that all materials, goods, equipment, services, and/or labor will be fit and sufficient for the particular purposes intended by LRCCD. Unless agreed upon otherwise between LRCCD and CONTRACTOR, the warranty period shall be the longer of: (a) any express warranty included in this service agreement; (b) one year after the materials, goods, equipment, services, and/or labor are accepted by LRCCD; or (c) any warranty period provided under any applicable California law.

## Live Digital Mixing Has Never Been Easier

The Behringer X32 digital mixer lets you concentrate on the music, instead of a confusing mixer interface. The X32 packs everything you need to easily mix and record a live show into a compact, roadworthy chassis. With its amazing-sounding Midas-designed mic preamps, the X32 is also right at home in the studio. Powerful and intuitive, the X32 sports 40 processing channels and 16 mix buses, giving you the flexibility you've always longed for. It comes equipped for 32-channel recording, giving you instant compatibility with major DAWs. You also get serious signal processing that can be quickly configured for sessions of any size. If you're tired of negotiating an endless sea of encoders and menus, then it's time you tried a new approach to digital mixing: the Behringer X32.

## OVERVIEW

The X32-TP features the X32 40-input channel, 25-bus digital mixing console in a custom-engineered, touring-grade roadcase designed to protect the X32 from the elements and travel stress.

### The Game-Changing X32 Digital Mixing Console

Advanced engineering and meticulous design deliver stellar sonic performance at an affordable price – changing the game entirely. Three companies shared a common vision to engineer and build great-sounding, technically advanced audio products for discerning professionals. The X32 Digital Mixer family is the result of the engineering, manufacturing and application expertise of legendary console manufacturer MIDAS, the iconic signal processing genius of KLARK TEKNIK and BEHRINGER's unique ability to deliver a superior value proposition.

From the pristine, MIDAS-designed mic preamps to KLARK TEKNIK's rock-solid, ultra-low latency SuperMAC networking technology and BEHRINGER's completely re-engineered processing algorithms, X32 raises the bar on what a digital mixer can be. A singular passion for delivering advanced technology, unrivalled usability and true road-worthiness has enabled us to engineer a digital console that is the ideal vehicle for your creative expression.

### Enhanced Workflow & Multi-Channel Networking

The introduction of new X32 version 2.0 firmware results in dramatically enhanced the workflow and all-new capabilities including "Acoustic Integration" for total connectivity and control of your speaker and In-Ear Monitor (IEM) systems. Then they re-imagined the more than 50 onboard FX "Plug-Ins" and added classic processor examples based on "True Physical Modeling". The X32 is even more flexible, with swappable expansion cards for connecting to other multi-channel audio networking via USB, ADAT, MADI and Dante protocols, in addition to the onboard ULTRANET and AES50 connectivity.

### Road Warrior

The incredible X32 digital mixing console deserves the ultimate in protection. Behringer used only the finest marine-grade plywood, impact-resistant aluminum extrusions and hardware for the exterior, and then custom-sculpted the high-density foam that snugly and securely cradles the console inside. There is no better way to transport your X32.

### Features

- 40-input channel, 25-bus digital mixing console
- Touring-grade roadcase featuring marine-grade plywood, impact-resistant aluminum extrusions and high-density protective foam
- 32 MIDAS-designed, fully programmable mic preamps for audiophile sound quality
- 25 Fully automated motorized 100 mm faders allow for instant overview, powerful scene management and DAW control
- 16 XLR outputs plus 6 additional line in/outputs, 2 phones connectors and a talkback section with integrated or external mic
- Individual and dynamic LCD Scribble Strips on all channels and buses creating easy assignment and intuitive channel distinction
- 32 x 32 channel USB 2.0 audio interface, with DAW remote control emulating HUI\* and Mackie Control\*
- iPad\* and iPhone\* apps for professional remote operation available free of charge—no host PC required
- High-resolution 7" day-viewable Color TFT for easy viewing of workflow components and parameters
- Main LCR, 6 matrix buses and 16 mix buses each featuring inserts, 6-band parametric EQ's and full dynamics processing, plus 8 DCA and 6 mute groups
- Virtual FX rack featuring 8 true-stereo FX slots include high-end simulations such as Lexicon 480L\* and PCM70\*, EMT250\* and Quantec QRS\* etc.
- 40-Bit floating-point DSP features "unlimited" dynamic range with no internal overload and near-zero overall latency (0.8 msec)
- Powerful scene management for convenient handling of complex productions
- 48-channel Digital Snake ready\* via AES50 ports, featuring KLARK TEKNIK's SuperMAC networking capability for ultra-low jitter and latency
- USB type-A connector providing file storage and uncompressed stereo recordings plus show presets and system updates
- ULTRANET connectivity for BEHRINGER's P-16 Personal Monitoring System\* plus AES/EBU stereo digital output and MIDI
- Networked remote control for show setups with software editor via Ethernet
- Built-in expansion port for audio interface cards or digital networking bridges

Overview

Features

## **The Behringer X32-TP mixer package comes with a rugged road case to easily transport the X32.**

40-Input, 25-Bus Digital Mixing Console with 32 Programmable MIDAS Preamps, 25 Motorized Faders, Channel LCD's, 32-Channel Audio Interface and Touring-Grade Road Case. Ready for the road, the Behringer X32-TP features the Award-winning X32 40-input channel, 25-bus digital mixing console in a custom-engineered, touring-grade roadcase designed to protect the X32 from the elements – and overly-enthusiastic roadies!

### *The Game-Changing X32 Digital Mixing Console*

The BEHRINGER X32 has changed the game by completely rethinking what is possible from a digital mixer – and hundreds of thousands of users are enjoying the results. A fluid workflow coupled with a fully interactive user interface ensures immediate familiarity and instills confidence. Advanced engineering and meticulous design deliver stellar sonic performance at an extremely affordable price – changing the game entirely.

Three companies shared a common vision – to engineer and build the very best-sounding, technically-advanced audio products for discerning professionals. The X32 Digital Mixer family is the result of the engineering, manufacturing and application expertise of legendary console manufacturer MIDAS, the iconic signal processing genius of

KLARK TEKNIK and BEHRINGER's unique ability to deliver a superior value proposition. The synergy between these three great companies runs deep in the X32. From the pristine, MIDAS-designed mic preamps to KLARK TEKNIK's rock-solid, ultra-low latency SuperMAC networking technology and BEHRINGER's completely re-engineered processing algorithms, X32 raises the bar on what a digital mixer can be. A singular passion for delivering advanced technology, unrivalled usability and true road-worthiness has enabled us to engineer a digital console that is the ideal vehicle for your creative expression. But we're just getting started!

#### *Enhanced Workflow & Multi-Channel Networking*

With the introduction of our new X32 version 2.0 firmware, we have not only dramatically enhanced the workflow, but also added all-new capabilities including "Acoustic Integration" for total connectivity and control of your speaker and In-Ear Monitor (IEM) systems. Then we completely re-imagined the more than 50 onboard FX "Plug-Ins" and added classic processor examples based on "True Physical Modelling". We've also made the X32 even more flexible, with swappable expansion cards for connecting to other multi-channel audio networking via USB, ADAT, MADI and Dante protocols, in addition to the onboard ULTRANET and AES50 connectivity. Above all, the X32 puts the power of digital in your hands – without compromise.

#### *Road Warrior*

The incredible X32 digital mixing console deserves the ultimate in protection, so we designed and built the ideal roadcase to safeguard it on its travels. We used only the finest marine-grade plywood, impact-resistant aluminum extrusions and hardware for the exterior, and then custom-sculpted the high-density foam that snugly and securely cradles the console inside. There is simply no better way to transport your X32!

#### *Intuitive. Immediate. Natural.*

X32 is your mind-to-sound interface... the intersection of creativity and production.

Whether you're accustomed to digital mixers or not, the X32's intuitive user interface offers a fluid mixing experience that instantly feels like home.

And then there is the X32's latest version 2.0 firmware. We've added new scene management features and EQ functions, including a 100-band Real Time Analyzer, flexible library import/export capability and faster FX editing.

We also included 16 new FX "Plug-Ins" which are based on True Physical Modeling of famous classic audio hardware. This process means that we essentially "rebuilt" classic analog gear in the digital domain.

And then we added the most amazing digital networking that allows you to connect to the new TURBOSOUND iQ speakers via simple CAT5 connection. We call it "Acoustic Integration".
