Description:

The 2017 *California Evidence Code Summary Trial Guide* is a 12-page folder-type guide on extra-heavy-duty paper in two colors for ease of use and is three-hole punched for trial notebooks. All recent amendments to the California Evidence Code are included, plus new rules 215, 351.2, and 1107.5, which were added by the California legislature in 2016. The guide cites each evidence rule by number, and the most important provisions of each rule are concisely summarized for rapid use at trial and in pretrial preparation. Conciseness is essential to ensure that the key provisions of each rule can be found immediately, especially in the fast pace of trials. The back cover contains 28 of the most important and useful California evidentiary objections, with a cite to a specific California Evidence Code provision for each objection. This is an excellent aid for California trial lawyers to hone their skill for making timely objections at trial. Order a printed copy—or copies—of the guide for \$14.00 each by clicking the "Add to Cart" button above. Shipping is free, and there is a 25% discount for orders of eight or more.

You may purchase a digital license and download a digital copy of the California Evidence Guide (PDF format) directly to your desktop or laptop computer. Take it to court on your laptop—or print it out on legal size paper and have it instantly ready in court and at the office for pretrial preparation. The digital license sells for \$10.50 each and authorizes copies to be placed on both desktop and laptop computers as well as tablets of the licensee. To order, just click the green "download" button above.
