On "FOB Shipping Point" transactions, should any shipments under this purchase order be received by LRCCD in a damaged condition and any related freight loss and damage claims filed against the carrier or carriers be wholly or partially declined with the inference that damage was the result of the act of the shipper such as inadequate packaging or loading or some inherent defect in the equipment and/or material, CONTRACTOR on request of LRCCD shall at CONTRACTOR's own expense assist LRCCD in establishing carrier liability by supplying evidence that the equipment and/or materials was properly constructed, manufactured, packaged, and secured to withstand normal transportation conditions. 14. **TERMINATION:** LRCCD may terminate this agreement and be relieved of the payment of any consideration to CONTRACTOR should CONTRACTOR fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination LRCCD may proceed with the work in any manner deemed proper by LRCCD. The cost to LRCCD shall be deducted from any sum due the CONTRACTOR under this agreement and the balance if any, shall be paid the CONTRACTOR upon demand.

CONTRACTOR further warrants that all materials, goods, equipment, services, and/or labor will be fit and sufficient for the particular purposes intended by LRCCD. Unless agreed upon otherwise between LRCCD and CONTRACTOR, the warranty period shall be the longer of: (a) any express warranty included in this service agreement; (b) one year after the materials, goods, equipment, services, and/or labor are accepted by LRCCD; or (c) any warranty period provided under any applicable California law.

Hi Joyce,

Thanks for your help! There are 5 items we'd like to order from openbci.com. There are specialty items not sold anywhere else, so we may need to complete a Sole Source Purchase Justification. Although we have ordered from these guys before, so I'm not sure how that works.

Below are the items we'd like to order from them.

Thanks and please let me know if there's anything we can do to help keep the process moving forward.

Thanks!
Sean

Hi Suzy,

We have several 3D Printers here at FLC in our Makerspace/Innovation Center – available for all Area/Dept. use. Let me know if you need to research this further and identify what the PSYC dept. will be using this for – I know Sean Fannon teaches Biological Psychology courses – brain study, etc.

Thank you,

Brenda Haney
