Heike:

Thank you for replying to my email and yes, this information does help;!

On our quotes, yes, 14 days is our standard timeline for all quotes to expire. We had to go to this last year when the tariffs on items was changing daily! However, please note that we are not seeing changes in prices on items like we were for a while and most all pricing is staying good for an average of 30 days. I am more than happy to requote this as often as you need me to in order to keep your quote current if you require that.

We know that it does take longer for most schools to get their PO's in process and back to us and we are good with that on our end and in most cases we will honor the price even if the quote has expired within a responsible amount of time. (30 – 45 days)

If you have any questions or need anything else, please do let me know.

It is my pleasure to be of service to you!

Have a Great Day!

Hello Gail,

Thank you very much for your email with the quote for the storage cabinet (separate email). I will actually not be placing the order. Since we are a college, there are several steps involved before we can actually place the order. I noticed that the quote is only good for 14 days. Is this your standard timeline? Would it be possible to extend it to 30 days? While I am hoping the order can be placed sooner, I have no influence on the timeline.

In answer to your question below, I am the current department chair for the art department. We actually do not order very often from you as we mainly order art supplies. Every once in a while, we have a need for items that fall into your category. Other departments may order from you more frequently though. I hope this information helps.

Thank you again for your assistance.

Best regards,

Heike
