Shipping

Items too heavy or too large to ship by a parcel carrier will be shipped LTL common carrier. Shipping charges quoted are based on a dock delivery. In those instances, if large trucks cannot back up to a raised dock at your delivery location, then you may require extra services. If you do not have a loading dock or forklift enhanced delivery services are strongly encouraged and or may be required to facilitate a safe off-loading of your merchandise. Special Delivery Instructions: Please include receiving hours, days you are closed, and any other instructions for the delivering carrier when placing your order.

Lift Gate Truck Delivery- Additional \$75.00 Charge:

The driver will be using a truck that has a lift, which will lower the shipment to ground level. From there you will provide the movement of shipment into the building.

Inside Delivery -Additional \$55.00 charge:

The driver may assist you in the movement of merchandise from the truck through the first door of the building, where it will be out of inclement weather. Movement beyond the first door is customer’s responsibility. If you do not have a ramp this service is not available, please discuss other options with your Salesperson. Some doorways are not large enough for certain deliveries; please verify the physical clearance of your thresholds before ordering. Note: Additional inside delivery charges will be incurred for delivery requests that are made for areas beyond the inside of the first-floor door and are only offered if a freight elevator is available for use.

Installation & Assembly

Installation or Product Assembly are not included in shipping charges. You may opt to add different services such as Installation or Assembly to your order. Please contact the Gaylord Sales Department at 800-345-5330 to discuss your options and obtain costs for these services.
